

Student Satisfaction Survey for the Year 2021-22

Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design the questionnaire) (Results and details be provided as web-link)

The primary 'GOAL' of higher education is creation of knowledge and propagation for the development of world through innovation and creation of prepared minds of students. Hence, higher education institutions are increasingly recognizing and are placing greater emphasis on meeting the expectations and needs of their students. So, successful completion and enhancement of students' education are the major reasons for the existence of higher educational institutions. This positive development in higher education shows the importance of educational institutions understanding student satisfaction in a competitive environment. Both academic and students perceive physical facilities are more important than general. i.e. students must be satisfied with factors related to comfortable learning environment, public spaces, campus accessibility and staff satisfied with laboratory and teaching facilities.

Our Institution has administered student satisfaction surveys in order to elicit student opinion and perspective regarding institutional environment, programs, and services. We have prepared Student survey forms with certain questionnaire by considering the following factors:

- Efforts of a teacher to explain particular knowledge and skills to be assessed
- Seminars and Test series organized
- Feedback is given Every activity evaluated by mentor.
- Respect and concern shown for students as individuals.
- Willingness of staff to offer help and advice to students.
- Results are displayed by the college.
- Self-Motivation and sense of responsibility increases
- Motivation and inspiration provided for learning
- Development of your skills of analysis and critical thinking.
- Stimulation of your curiosity in learning Process.
- Provision and availability of relevant subject materials and resources.
- Amenities provided in the college.
- The campus is green and eco-friendly.
